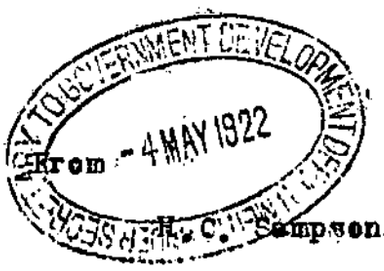
R.O.C.No.D-150-21. Office of the Director of Agriculture,

Madras, Dated the 27th April 1922.



From H. C. Sampson Esq., B.Sc., C.I.E.,

Ag: Director of Agriculture,

M a d r a s.

To

The Secretary to the Government of Madras,

Development Department,

O O T A C A M U N D.

Sir,

Subject:-- Sericulture - Demonstration Farm - Kollegal.

I have the honour to submit, for the sanction of Government, the following proposal for opening a Sericultural Demonstration Farm in the Kollegal taluk of the Coimbatore district.

2. The necessity for a demonstration farm was fully explained in paragraph 3 (c) of Mr. Wood's letter R.O.C.No.6413-129-G1, dated 26th March 1920, to which I invite a reference. The Sericultural Expert has selected in the same locality which was proposed for a Central Farm, viz., in Singanallur village, Kollegal taluk, an extent of 5 acres of private mulberry land, which lies in the centre of the silk-worm rearing tract, to be leased at Rs. 100 an acre, so that if the Central Farm is to be opened hereafter the demonstration farm now proposed can be enlarged and converted into a Central Farm.

3. The initial cost of this demonstration farm comes to Rs. 100, while the recurring expenditure is estimated at Rs. 1,334 a year. A detailed statement shewing the initial and recurring cost is enclosed. The cost of thes farm can be met from the allotment of Rs. 3,000 sanctioned in G.O.No.Press, 308 Development, dated 2nd March 1922. According to the Sericultural Expert's estimate such land should bring in a revenue of about Rs. 500 per acre and if this proves to be the case then the actual cost of working the station will be more than met by the receipt.

4. Although Government have dropped for the present the general

scheme for the development of Sericulture in the G.O. last quoted, I request that the demonstration farm now proposed, the cost of which is not large, may be sanctioned as this will be a beginning and will, to some extent, justify the appointment of such an officer as a Sericultural Expert.

I have the honour to be,

Sir,

Your most obedient servant,

DEVELOPMENT DEPARTMENT.

Subject. Sericulture--Demonstration farm--Kollegal

C.No. 1225 III/22 Director of Agriculture

R.O.C. D-150-21 dated 27-4-22.

To Under Secretary.

Please see Director's letter in the current file.

2. In march '20 Mr.Wood as Director of Agri, submitted proposals for the development of Sericulture which consisted mainly of the opening of a hill farm, a central farm, and a demonstration farm, for producing disease free and invigorated seeds. A hill station at Coonoor alone has since been opened and the other proposals were held up for lack of funds.--vide G.O. 1627 dated 9-9-20.

In October '21, Mr. Sampson submitted proposals for the establishment of a central and demonstration farms at a cost of Rs. 37,000/ and requested that the necessary funds be provided in the Part II of the Budget Estimates of 1922-23. Owing to Financial reasons the entire scheme was dropped out. -vide G.O.308 dated 2.3.22.

3. The present proposals are for the opening of a demonstration farm alone in Singanellur village, -- Kollegal taluk on a very modest scale. The proposals may it is submitted be approved.

4. Funds. The cost of the scheme (including initial and recurring charges) works out to Rs. ~~1334~~ 1434/ and is proposed to be met from Contingencies under II-2-Research Institute . The anticipated receipts from the farm are Rs. 2500/ per annum.

5. A draft order is submitted and it may issue with the concurrence of the Finance Dept., as this forms part of a general scheme vetoed by them for want of fund

Irrigation Deptt

A provision of Rs. 2,000 was included in the budget for 1922-23 under the "Research Institute - Contingencies" for the Sericultural Expert. The present scheme is as follows:-

(× provision of Rs 34,300 on p 176 CBE)

	Rs	
(i) Recurring Charges:	1334	p. 3 CF
(ii) Initial "	100	
Total	1,434	

(Cost of the scheme)

The Expert expects a sum of Rs. 2,500 per annum on the present proposal. As it seems necessary that the Expert who has been appointed should have some work to do, we may agree to the present proposal.

(para 2 of p 1 CF
Sericulture @ Rs 50...)

There should have been some work to do for which it was necessary to have the Expert.
H.H. 12/6/22

2. The following may be added as the 2nd. para: of the draft

"The expenditure of Rs. 1,434 on
"account of the proposal sanctioned in para:
"above will be met from the provision of
"Rs. 34,300 in the budget for 1922-23 for Laboratory and
"other Charges under "34 Agriculture
"Agricultural College and Research Institute
"Research Institute - Contingencies."

p. 176 CBE.

HH 17.6.22

This will mean an annual recurring charge which will probably increase as the farm develops

(This Expt in regard to the Sericulture portion in para 2 CF.)
